

## Balham, gateway to the sounds

30 October 2017

ur series on rocking lawyers has been remiss in not yet mentioning the biggest lineup of them all – the global legal battle of the bands Law Rocks!

To date, the initiative has raised nearly £2m for charities around the world.

Two big events are coming up this month. On 8 November bands from Addleshaw Goddard, Exchange Chambers, Harrison Drury and TLT will be performing at the first ever Law Rocks! Manchester gig.

Meanwhile, if you are in London on 9 November there is a chance to catch some of the top acts playing acoustic sets at the fourth Unplugged event at the Bedford Arms, Balham. Bands from Navigant, NUIX, Ashurst, 2KBW and Brown Rudnick will take to the stage before receiving the judges' verdicts. *Obiter* will be propping up the bar (natch) and possibly singing along. Tickets to [both events](#).
